Variations – you might like to add other ingredients such as raisins, cheese, dates or anything you fancy.

# Design your own String Art

All you need is a piece of old wood, some small nails and a hammer, and some wool or string.

Choose a simple design and draw on a piece of paper. Put this on top of your wood.

Simply bang in your nails over your paper design. Then cover with string. It's a good idea to tie it off every now and again so it doesn't unravel as you go.
